Powerful Performance Perfect
Fit

Small Size. Big Business
Performance

Experience the advanced power and performance for edge computing, collaboration, home offices, and more— 12th Gen Intel® Core™ processors deliver it all.

Mighty performance

With 12th Gen Intel® Core™ processors, ASUS NUC 12 Pro Mini PCs, Kits, and Boards deliver the latest in powerful performance for edge computing, collaboration, home offices, and more.

Intel vPro® platform

Created for IT professionals, Intel vPro® Enterprise sets the standard for business: multilayer hardware-based security, efficient remote manageability, business-class performance, and PC fleet stability. Powerful, proven performance for today and tomorrow.

Device management is built-in

Stay on top of all of your devices. Oversight tools like Application Monitor, Player Failover and Advanced Features make NUC devices easy for admins.

All day, every day

ASUS NUC devices are engineered,
built, for 24/7 commercial use,
perfect for your “always on” needs
like digital signage, security systems,
and more.

NUC 12 Pro Mini PCs

Small PCs and compact workstations, loaded with Windows and ready to use right out of the box. Get the latest in performance with 12th Gen Intel® Core™

NUC 12 Pro Kits

Kits include a range of 12th Gen Intel® Core™ processors, chassis, and board. They are easy to customize with the right operating system,

NUC 12 Pro Boards

Choose NUC boards to create unique integrated or embedded compute solutions.

processors, plus dual-channel
memory and large storage capacity.

memory, and storage to meet
different customer needs.

- Products certified by the Federal Communications Commission and Industry Canada will be distributed in the United States and Canada. Please visit the ASUS USA and ASUS Canada websites for information about locally available products.
- All specifications are subject to change without notice. Please check with your supplier for exact offers. Products may not be available in all markets.
- Specifications and features vary by model, and all images are illustrative. Please refer to specification pages for full details.
- PCB color and bundled software versions are subject to change without notice.
- Brand and product names mentioned are trademarks of their respective companies.
- The terms HDMI and HDMI High-Definition Multimedia Interface, HDMI trade dress and the HDMI Logos are trademarks or registered trademarks of HDMI Licensing Administrator, Inc. in the United States and other countries.
- On July 18, 2023, Intel and ASUS announced that they had agreed on a term sheet for a non-exclusive license for ASUS to manufacture, sell, and support 10th to 13th Gen NUC systems. ASUS will be responsible for NUC sales distribution for 10th to 13th Gen NUC systems. For 13th Gen NUC and future generations, ASUS will select and create new ASUS NUC SKUs.
- The SKUs listed may not cover all SKUs and all specifications are subject to change without notice. Please check with your supplier for exact offers. Products may not be available in all markets.
- Price may not include extra fees, including tax, shipping, handling, and recycling.
- For pricing information, ASUS is only entitled to set a recommended resale price. All resellers are free to set their own prices.
