XPG HURRICANE 140 ARGB PWM
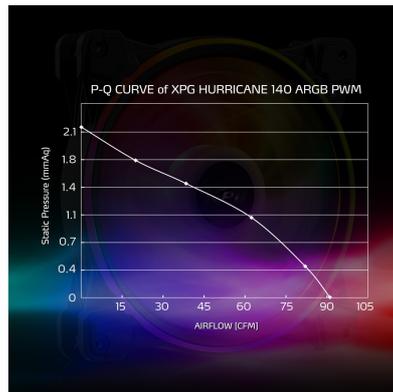

FEEL THE FORCE

XPG HURRICANE 140 ARGB PWM FAN

The XPG HURRICANE ARGB PWM fan series is designed with mesmerizing dual-ring ARGB lighting effects and amazing cooling performance. Compatible with most major motherboard ARGB software, the XPG HURRICANE series is ideal for PC enthusiasts and modders. Available in both 120mm and 140mm models, this series is ideal for most users that demand both aesthetic value and top-tier cooling performance in one cooling solution.

DUAL-RING ARGB LED DESIGN

EFFICIENT COOLING PERFORMANCE

FLUID DYNAMIC BEARING (FDB)

PATENTED FAN BLADE DESIGN

4-PIN PWM DESIGN

SILENT FAN OPERATION

SPECIFICATIONS

Dimensions	140 x 140 x 25mm
Bearing Type	Fluid Dynamic Bearing
Connector	4-Pin
Fan Speed (RPM)	700 ~ 1800 RPM ± 10%
Fan Max Airflow	91 CFM
Fan Max Static Pressure	2.2 mm H_2O
Fan Noise Level	28.1 dBA (avg.)
Fan Rated Voltage	DC 12V
Fan Starting Voltage	DC 3.5V
Fan Operating Voltage	DC 3.5V~12.6V
Fan Rated Current	0.4A (Max)
Power Dissipation	4.8W
Fan Protection	Auto-Restart
MTTF (Mean Time to Failure)	230,000 Hours
Cable Length	610mm ± 10% with Daisy-Chain Capable
Warranty	2 Years

Ordering Information

Product Name	XPG HURRICANE 140 ARGB PWM
Model Name	HURRICANE140ARGBPWM-BKCWW
Part Number	75261026
EAN Code & JAN Code	4711085935885
UPC Code	842243025958
